QA Automation Engineer

Auckland, New Zealand • pashatcacenco@gmail.com •
[linkedin.com/in/pavel-tcacenco-459047157](https://www.linkedin.com/in/pavel-tcacenco-459047157)

PROFESSIONAL SUMMARY

QA Automation Engineer with a Computer Science degree and a Master's in Business Informatics in progress at ICL Graduate Business School, Auckland. Specialises in building scalable test automation frameworks using Playwright and TypeScript, with hands-on experience in UI automation, API testing, CI/CD pipeline configuration, and Allure reporting. Combines technical QA depth with business understanding, approaching quality not only as finding defects but as ensuring software delivers real value to users and the business. Currently seeking QA Automation Engineer roles in Auckland.

KEY SKILLS

- Test Automation: Playwright · TypeScript · JavaScript · Page Object Model
- API Testing: Postman · REST API · Schema Validation · Authentication Flows
- CI/CD: GitHub Actions · Docker · Multi-browser & Parallel Execution
- Reporting & Quality: Allure · Visual Regression · Accessibility (WCAG)
- Tools & Methodology: Node.js · Git · Agile · Scrum
- Secondary: Python · CSS · Business Analysis

PROFESSIONAL EXPERIENCE

QA Automation Engineer | Minora Agency

Apr 2023 – Present

- Designed and maintained scalable test automation frameworks in Playwright and TypeScript using the Page Object Model architecture.
- Built and configured CI/CD pipelines with GitHub Actions, including multi-browser matrix execution, parallel test runs, and automated reporting.
- Developed comprehensive API test suites covering REST endpoints, authentication flows, schema validation, and data-driven scenarios.
- Implemented visual regression testing and WCAG accessibility checks as part of automated test coverage.
- Integrated Allure reporting into CI pipelines with historical trend tracking and test categorisation.
- Collaborated in Agile/Scrum teams: sprint planning, writing acceptance criteria, and reporting defects with full documentation.

Founder & Owner | Online Retail Store (Etsy)

Dec 2022 – Present

- Established and operate an independent online store, managing the storefront, product listings, and customer experience end-to-end.

Manager | Together SRL

Jun 2016 – Jun 2021

- Led operations and team coordination over a five-year period, developing management, planning, and stakeholder-communication skills.

Project Manager | Mating-buna

Aug 2014 – May 2016

- Managed project planning and delivery, coordinating tasks and timelines to meet objectives.
